

## Online Instructor Continuing Education Workshops

Per the Comptroller’s Property Tax Assistance Division, in addition to maintaining their professional licenses or designations, course instructors must complete eight (8) hours of instructor professional development every four (4) years. Instructor professional development is instructor continuing education falling within one of four categories; only two (2) hours in each category annually will apply. Once registered, you will receive a link to view our online content.

- Presentations and public speaking
- Instruction technology
- Development of courses, curricula, and teaching styles; and
- How to teach people with different learning styles

**NOTE: This workshop DOES NOT provide CEs for Property Tax Professionals.**
